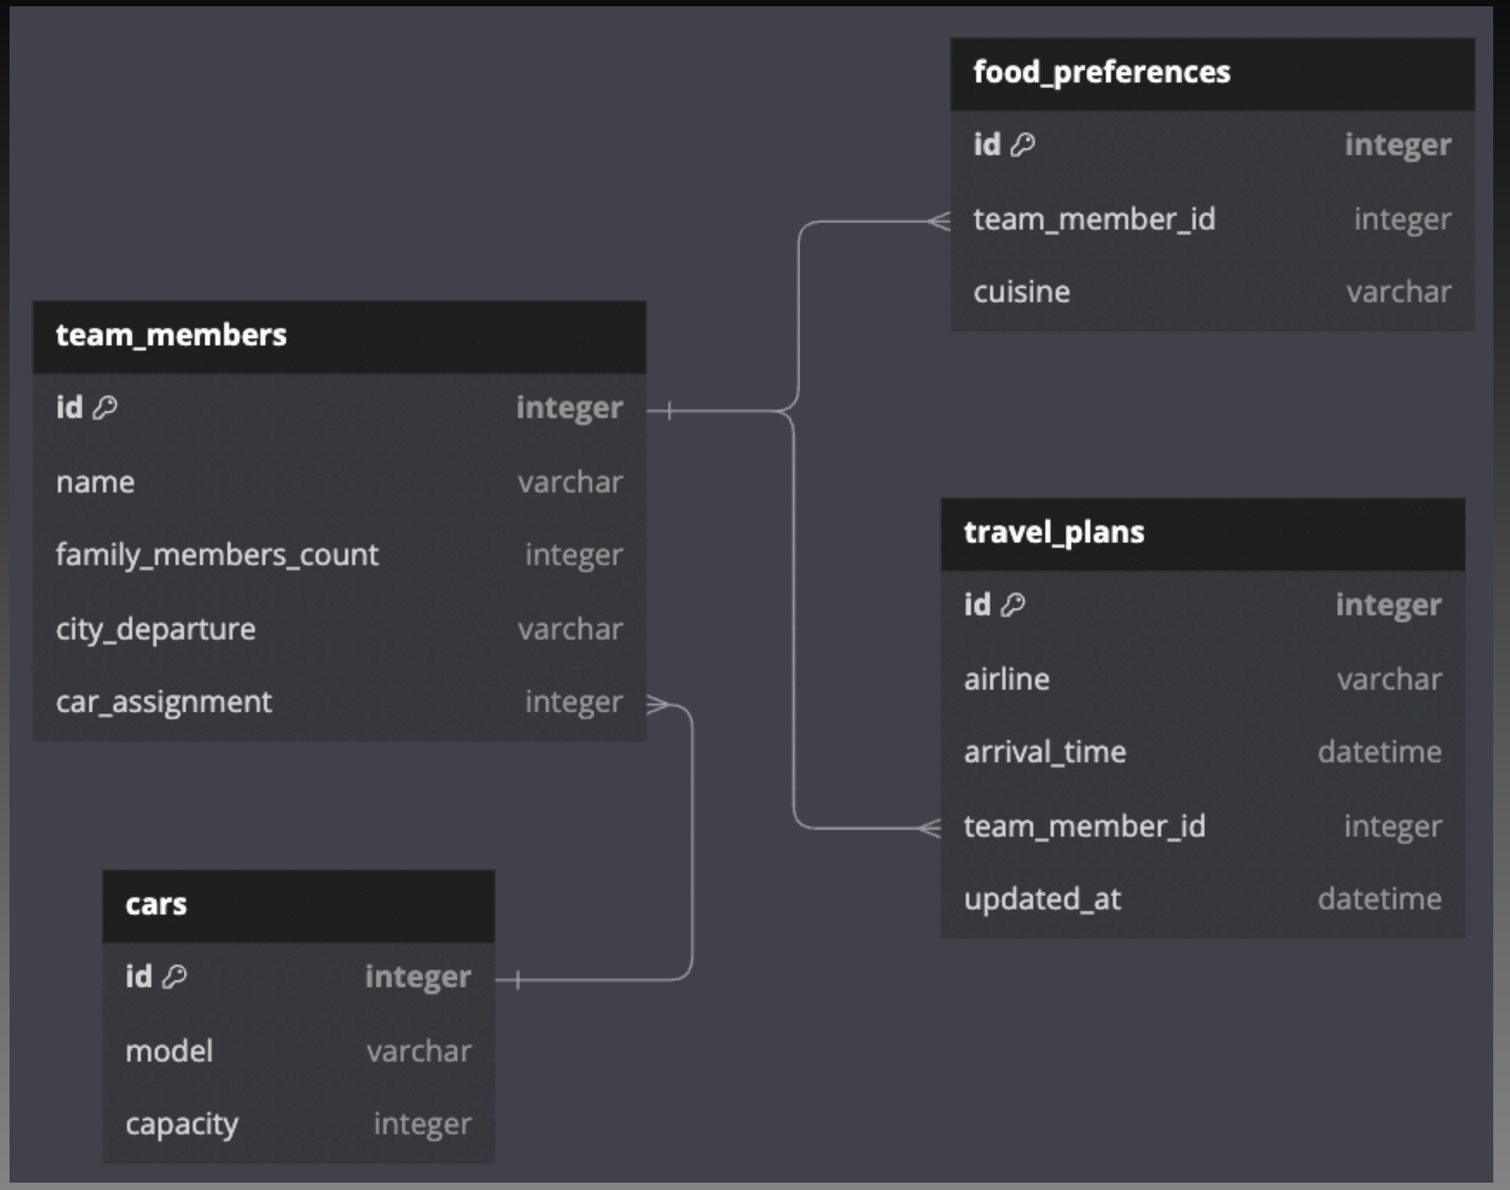
Why diagrams matter

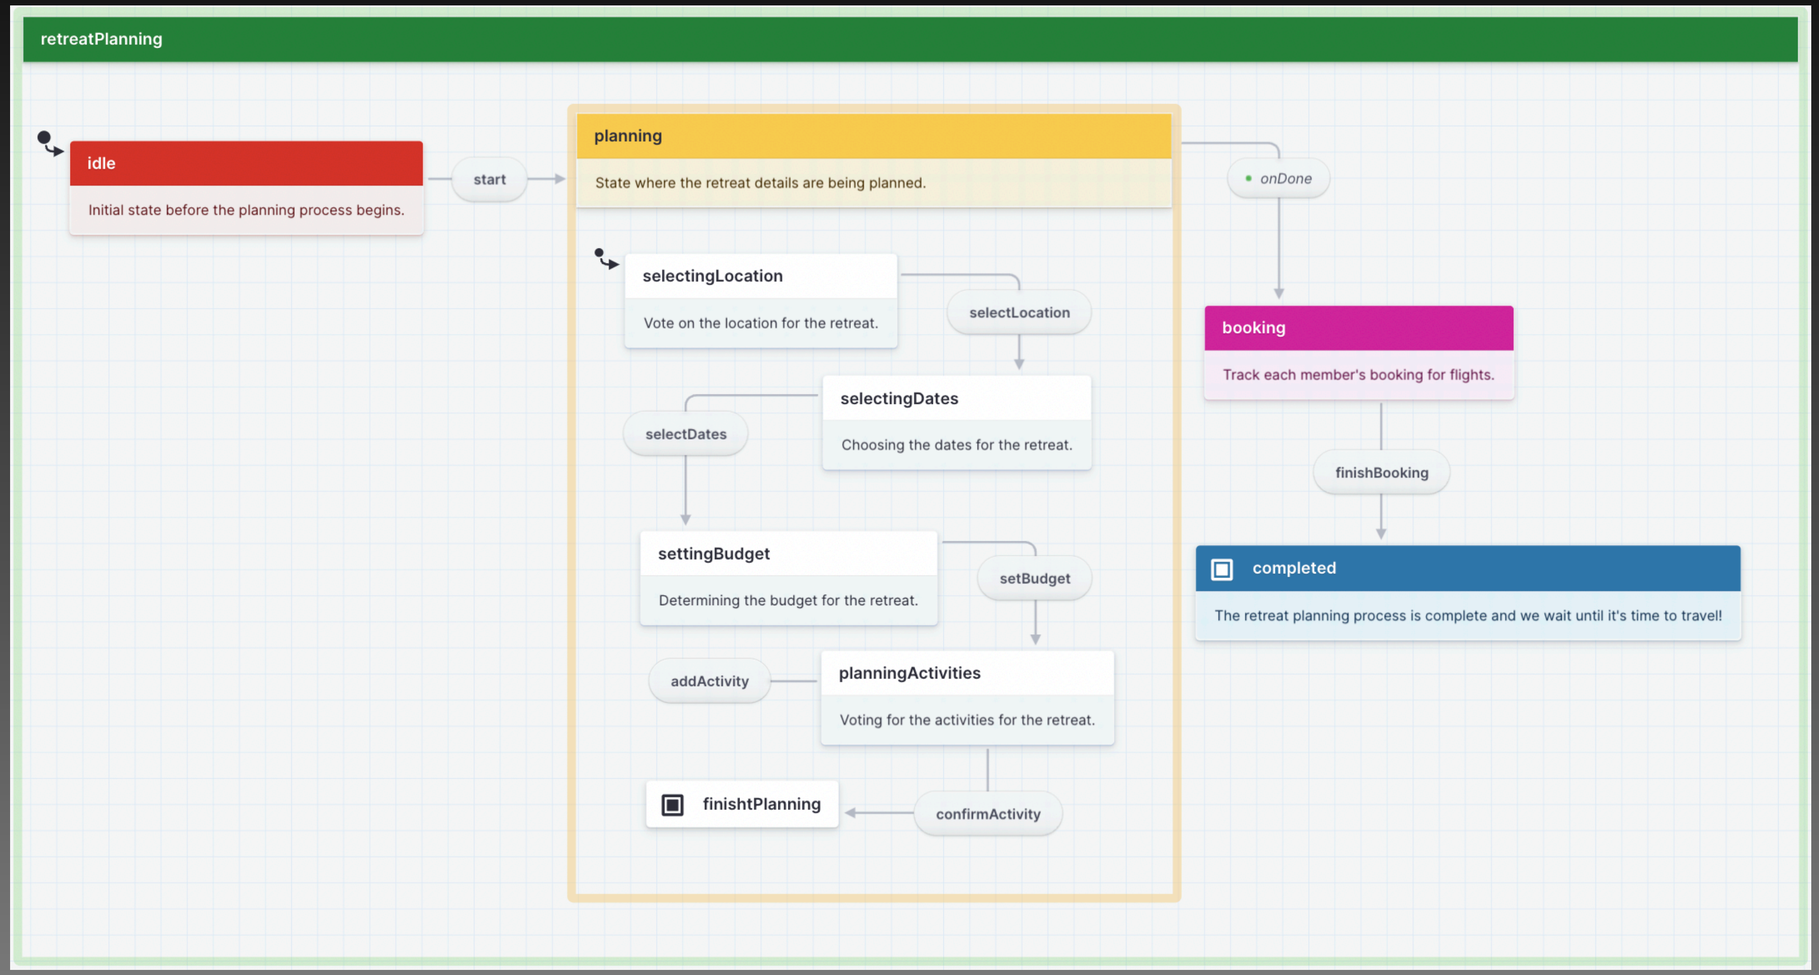
3 types of diagrams

- Entity-Relationship Diagrams
- State Machine Diagram
- Sequence Diagrams

Entity Relationship Diagrams

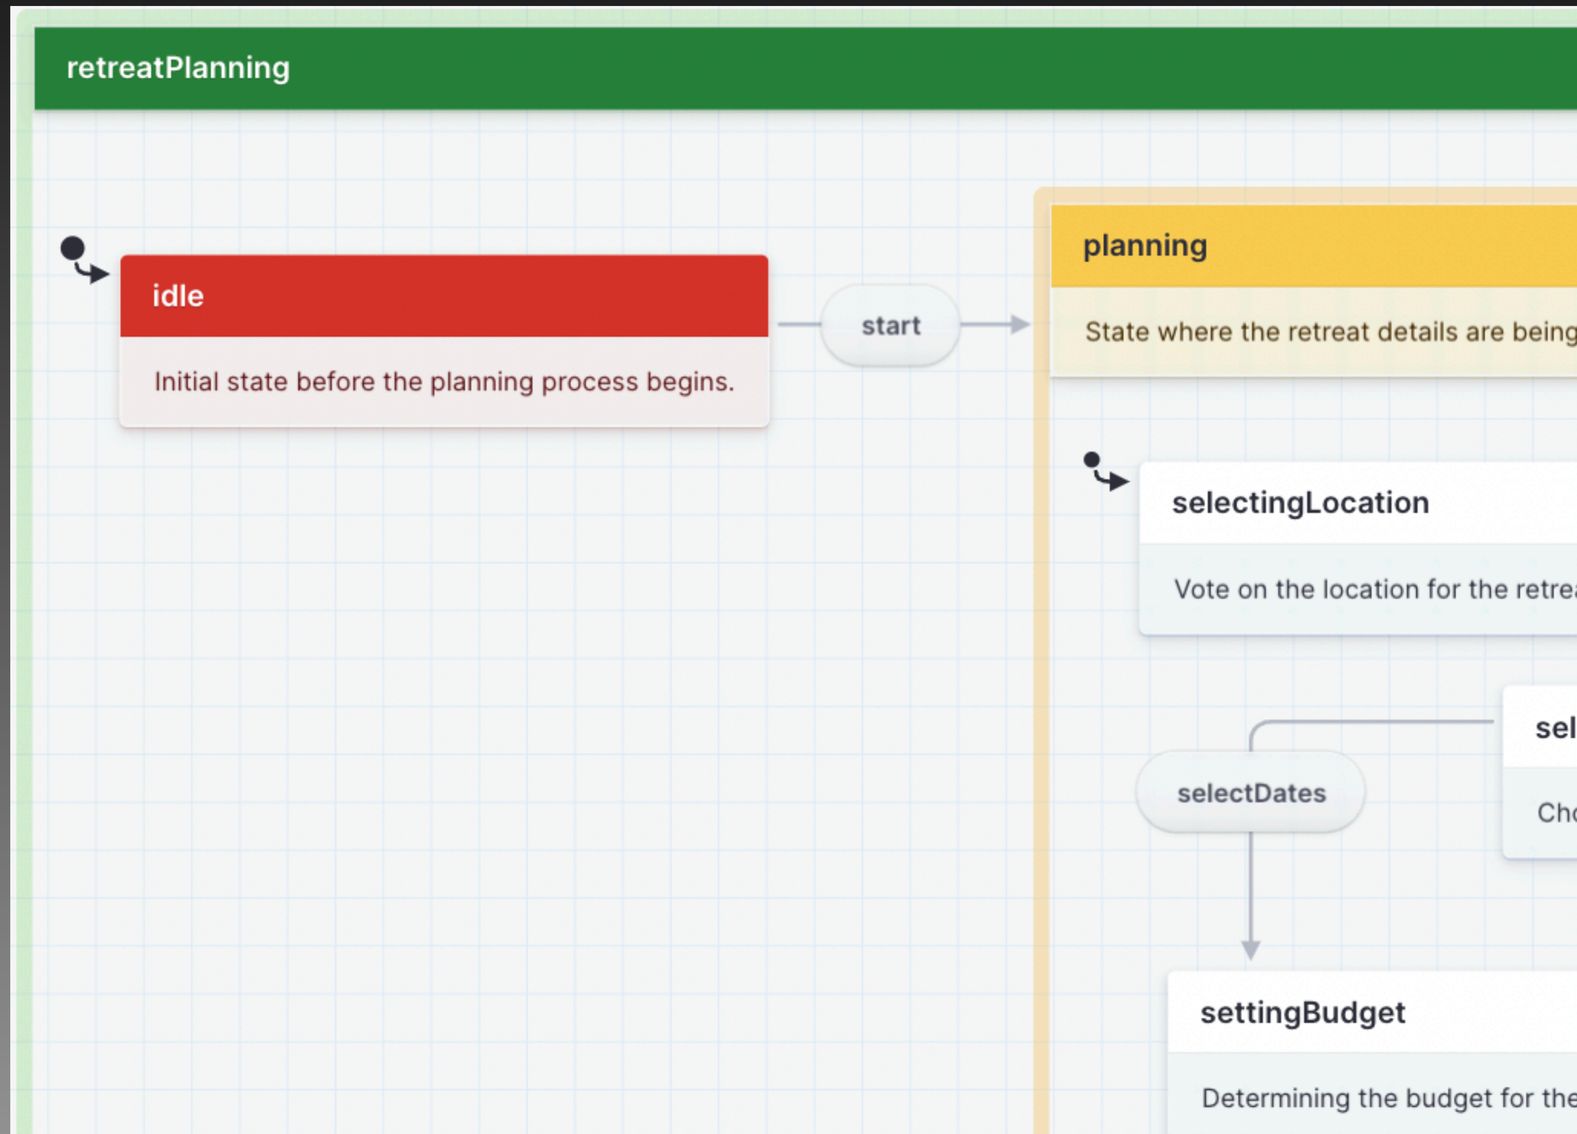


State Machines

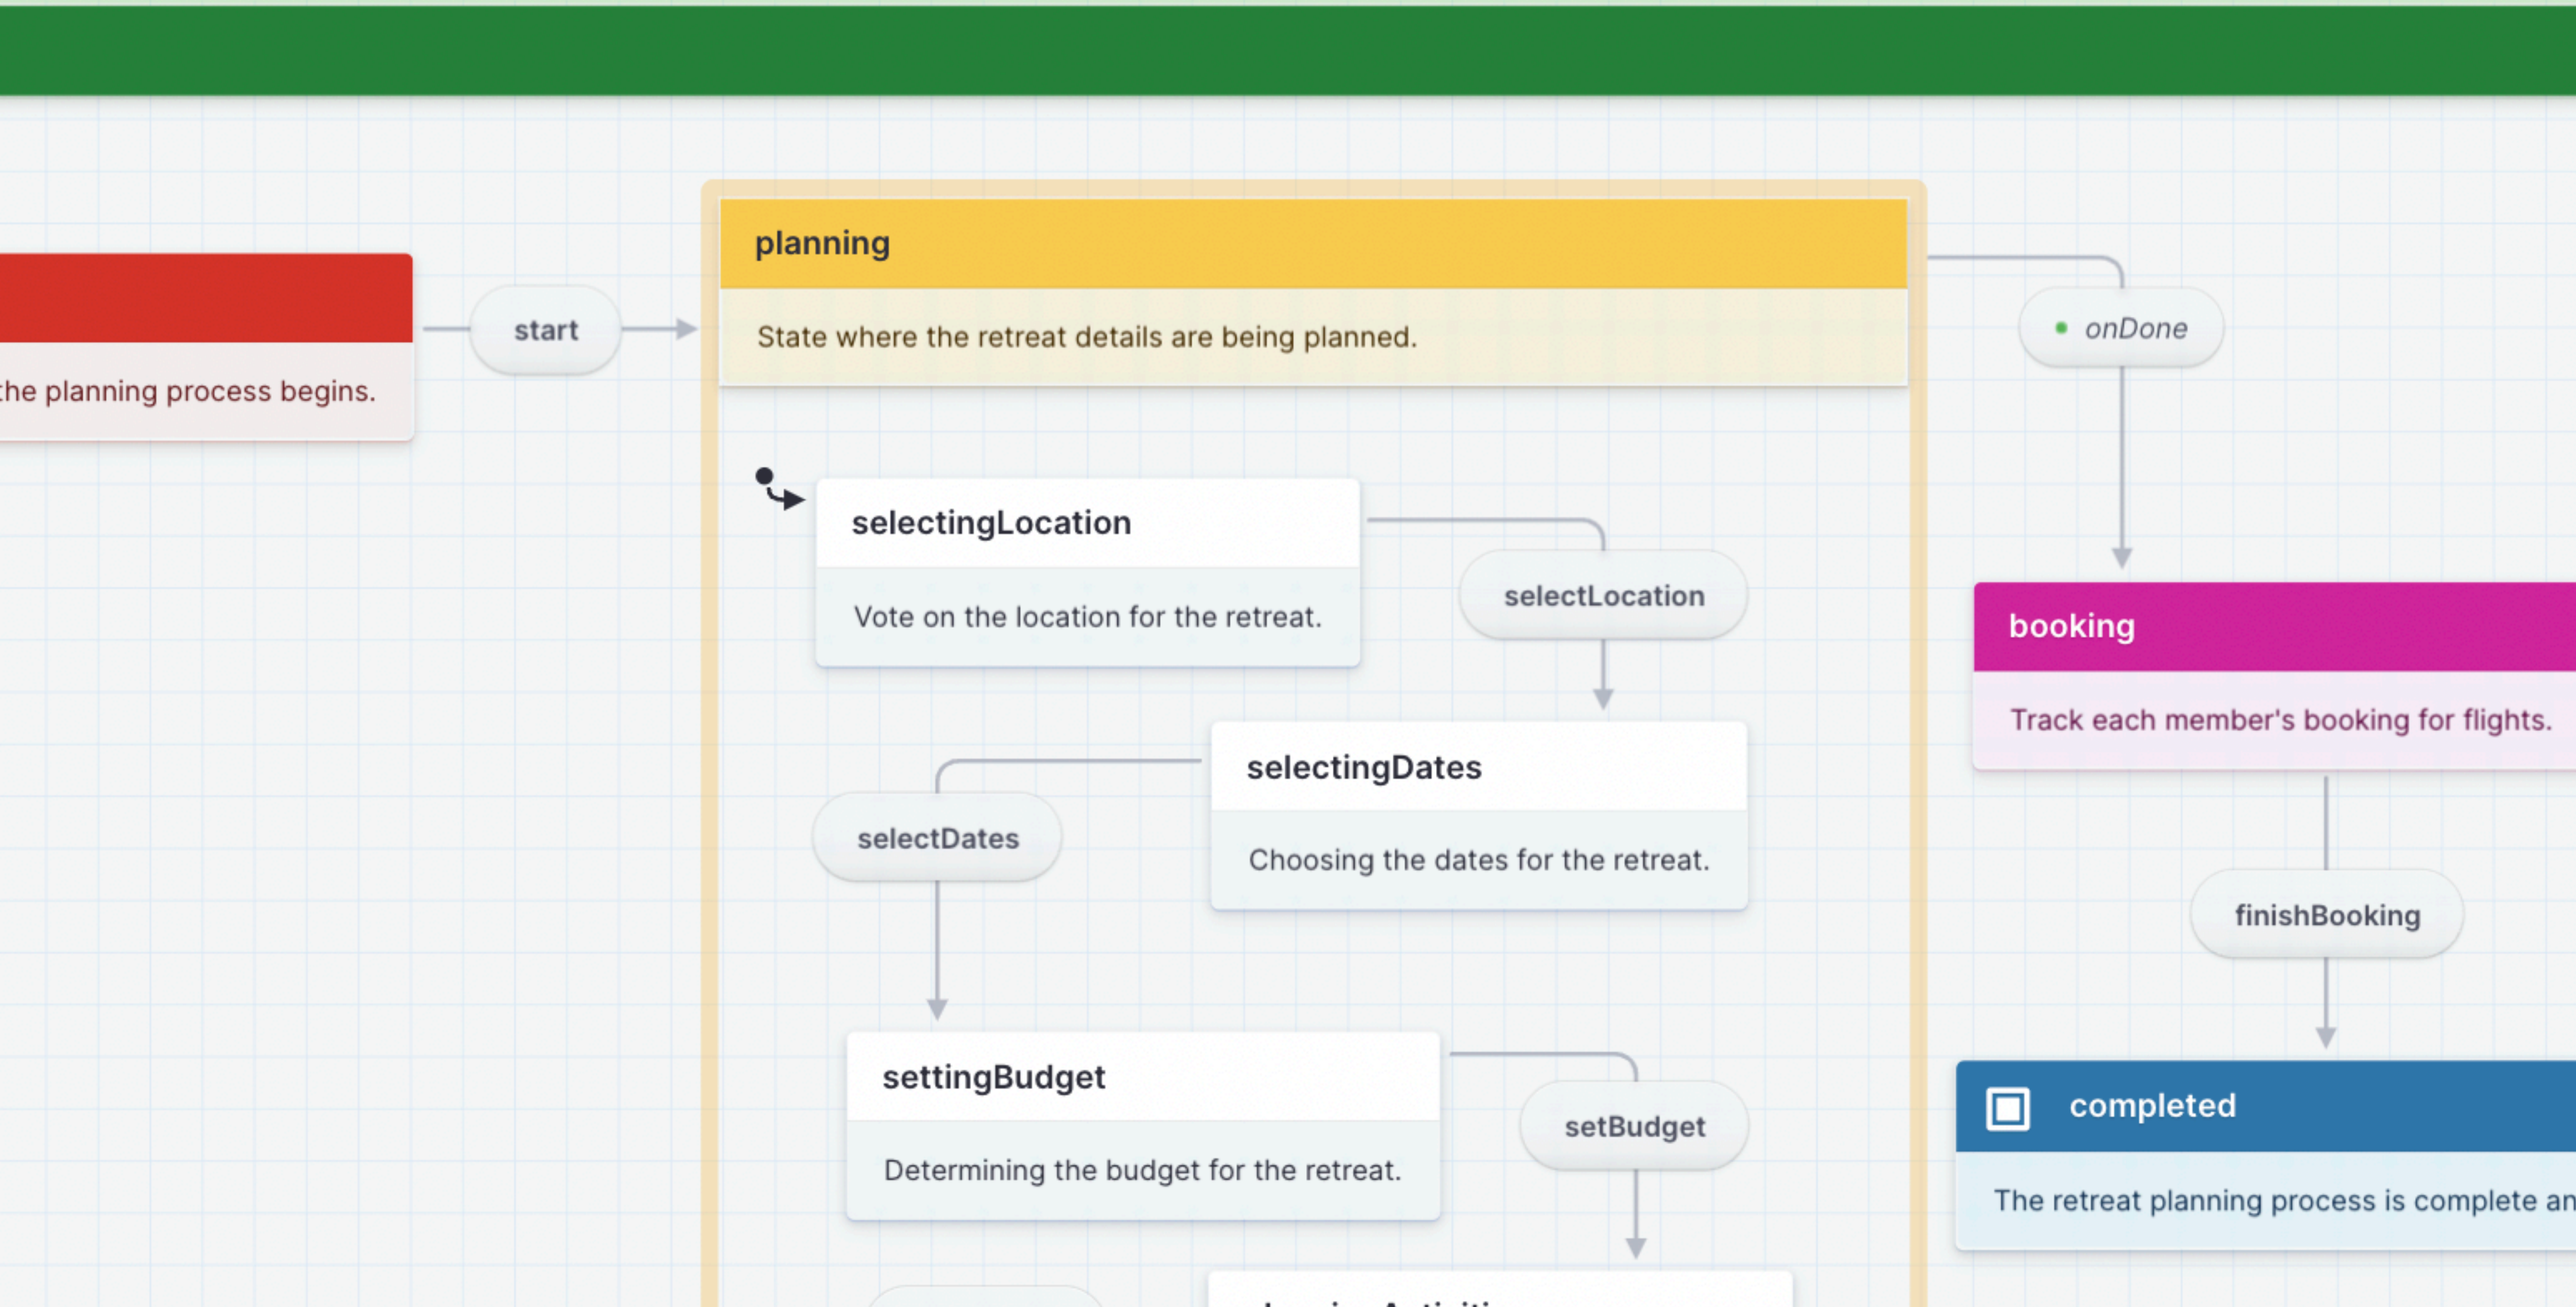


STATELY @jen_ayy_

State Machines



STATELY @jen_ayy_



he planning process begins.
start
planning
State where the retreat details are being planned.
onDone
selectingLocation
Vote on the location for the retreat.
selectLocation
booking
Track each member's booking for flights.
selectingDates
Choosing the dates for the retreat.
selectDates
finishBooking
settingBudget
Determining the budget for the retreat.
setBudget
completed
The retreat planning process is complete an
