The Internet & The Humans

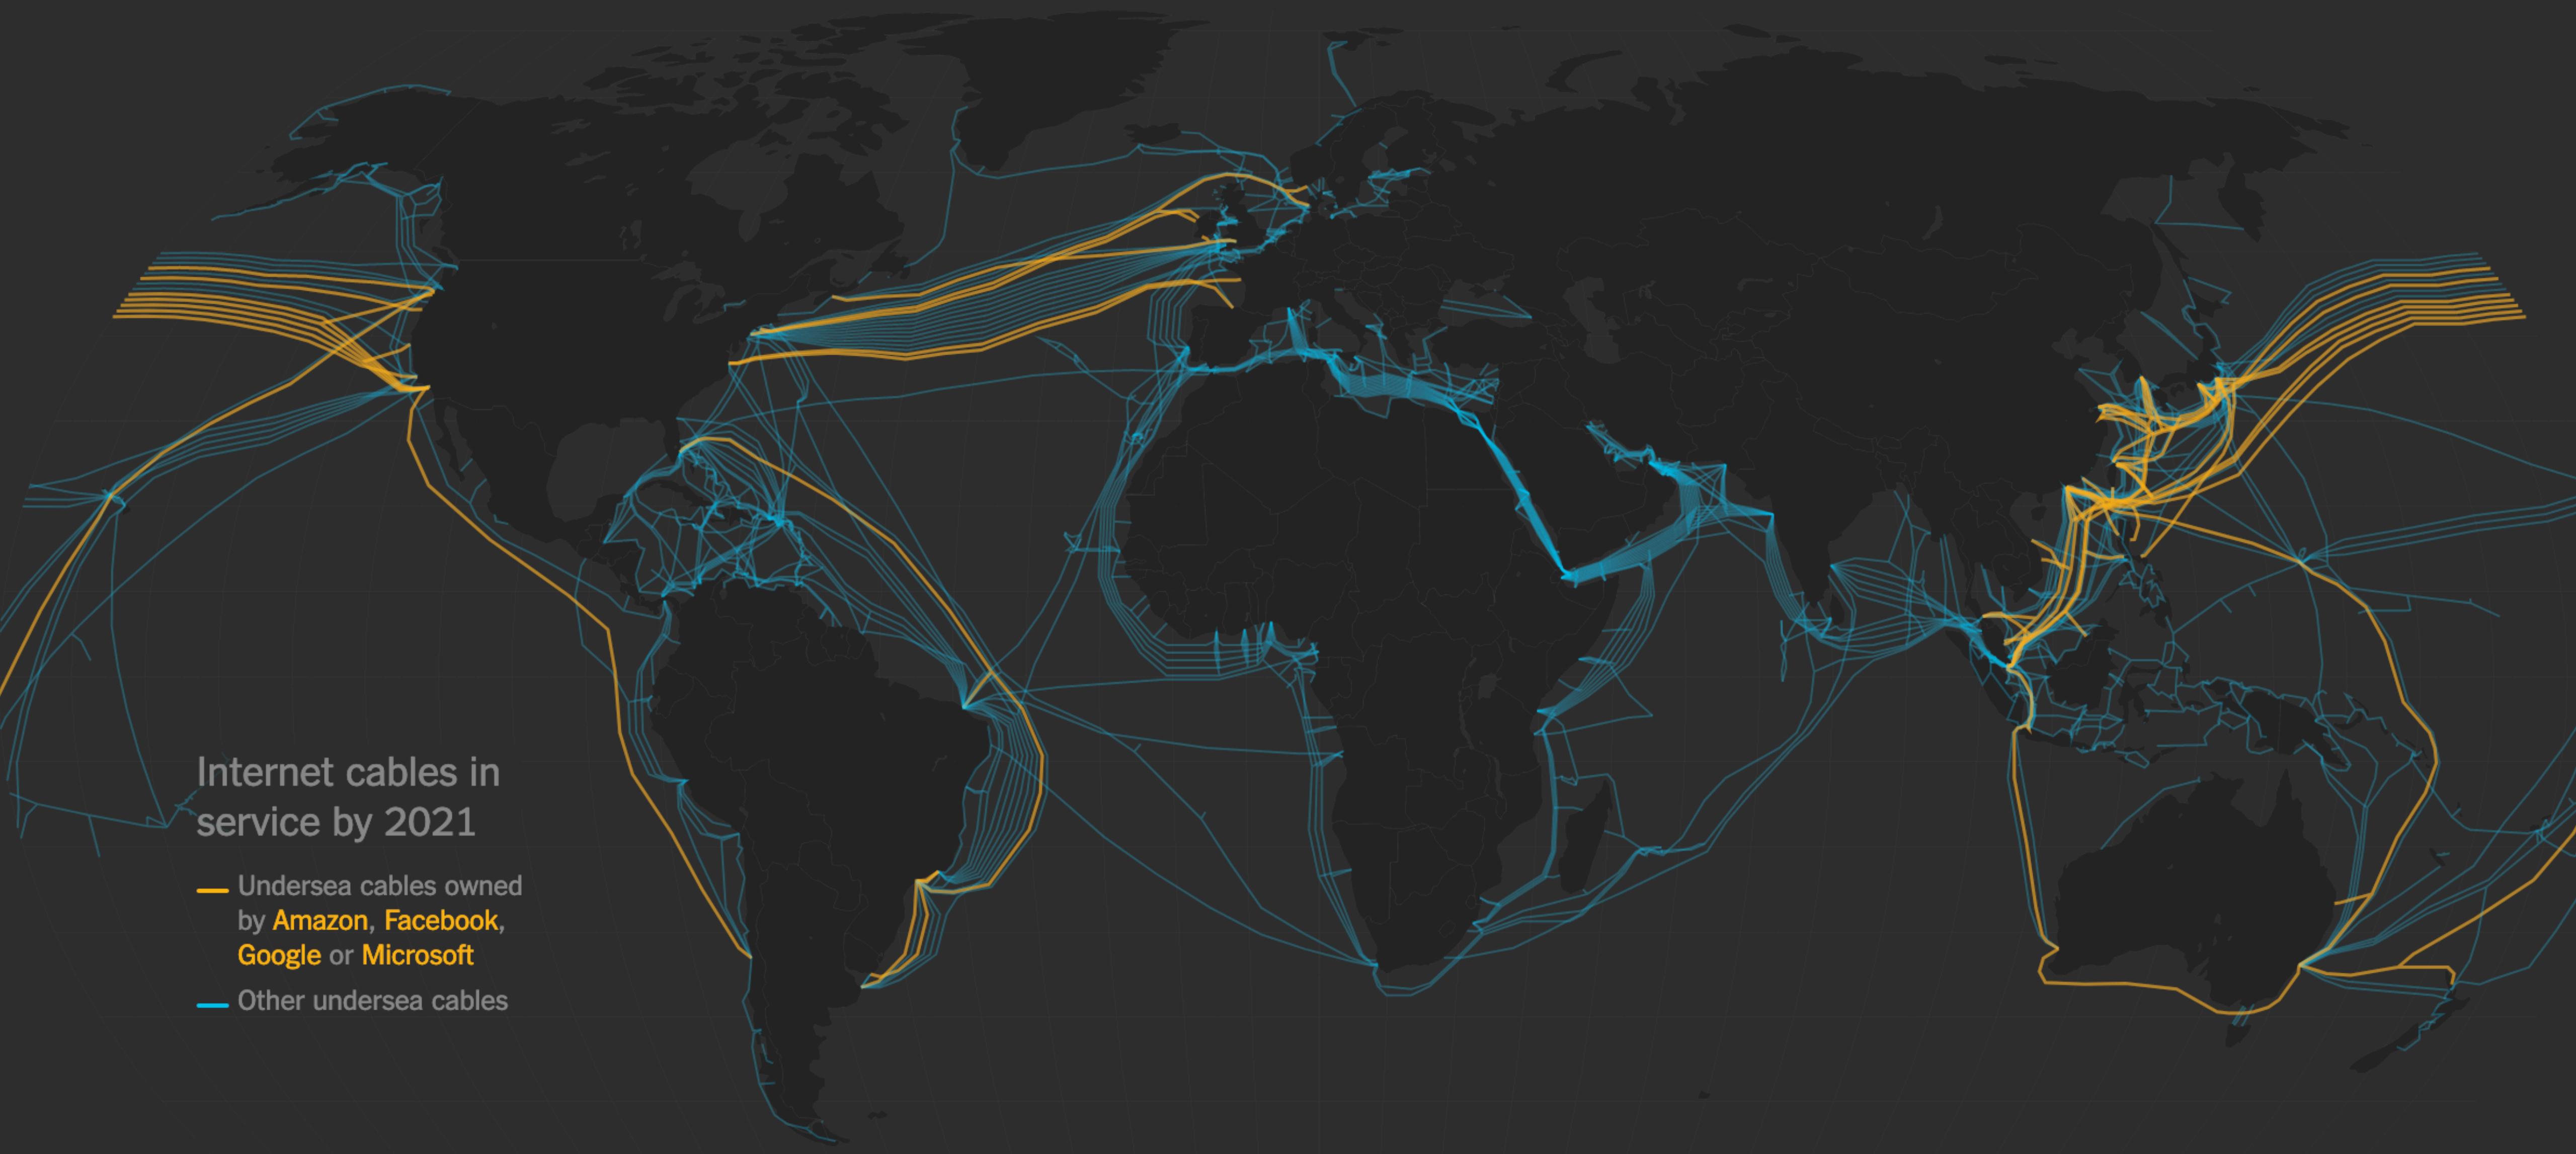

some remarks

I want to tell you a story.

‘People think that data is in the cloud, but it’s not. It’s in the ocean.’

Fifty percent of humanity are connected to the Web.

The Web we lost ...

... is not just design.

The Web is a plethora of awesomeness.

The Web is a plethora of creepiness.

The Web is a plethora of everything.

And we have to preserve this.

The Web is for everyone.

The Web is for everyone?

Da du kein Mann bist und auch nie sein wirst,
ist Bier eh nichts für dich.

Harassment isn't harmless.

«The question to answer isn't, <Have I made a place where people have the freedom to express themselves?> Instead we have to ask, <Have I made a place where everyone has the safety to exist?>»

Tatiana Mac — Canary in a Coal Mine

Slack removes hate groups

 By Slack Team, March 14, 2019

«If one company, like Slack or Airbnb, decides to do something about the role it's going to play, it creates a perverse kind of FOMO for the rest: Fear of missing out of doing the right thing and standing on the right side of history.»

Tatiana Mac — Canary in a Coal Mine

This is not only a tech problem.

You can't /kickban hate.

Means of Production

What is a computer?

A COMPUTER WANTED.

WASHINGTON, May 1.—A civil service examination will be held May 18 in Washington, and, if necessary, in other cities, to secure eligibles for the position of computer in the Nautical Almanac Office, where two vacancies exist—one at \$1,000, the other at \$1,400..

The examination will include the subjects of algebra, geometry, trigonometry, and astronomy. Application blanks may be obtained of the United States Civil Service Commission.
