In today's fast-paced digital world, finding fun, meaningful ways to learn a new language can be challenging. But what if learning Spanish could be as easy — and enjoyable — as playing a quick daily game? Welcome to [Palabra del Día Wordle](#), your new favorite way to explore the Spanish language, one word at a time.

## What is Palabra del Día Wordle?

*Palabra del Día* Wordle is a free, browser-based word game inspired by the popular game Wordle. But instead of playing in English, here you're playing with **Spanish five-letter words**, giving it an educational twist for learners, teachers, and language enthusiasts.

Every day, players are presented with a single hidden five-letter word in Spanish. You get **six attempts** to guess it correctly. After each guess, the game provides **color-coded feedback** to help you figure out the answer:

- 🟩 **Green** means the letter is correct and in the right position.
- 🟡 **Yellow** means the letter is in the word but not in the correct position.
- ⚪ **Gray** means the letter is not in the word at all.

This engaging format gives your brain a gentle challenge while also expanding your Spanish vocabulary naturally.
