ESTABLISHING AN INCENTIVISED PARTNERS PROGRAM

WHAT WE'RE GOING TO COVER

CONTRIBUTIONS

How do we determine what a contribution is, and track them over time?

FINANCES

How do we make the financial aspect equitable around the world to all potential partners?

PROGRAM

What does the partners program offer? How has it worked? What have we learned?

ABOUT MAUTIC

A LITTLE BIT OF HISTORY

- * Open source marketing automation platform launched in 2015 (mautic.org / github.com/mautic/mautic)
- * Founder's SaaS company Mautic Inc was acquired by Acquia in 2019
- * Community now has its own governance model and is operating as a self-sufficient open source project

WHY DID WE NEED A PARTNERS
PROGRAM?

WE WANTED TO:

- * Encourage **practical contribution** and **financial support** from businesses who depend on Mautic
- * Help people **find the 'makers'** who are actively supporting the community
- * **Promote organisations who are contributing** both financially and in practical terms
- * Give organisations **something they can be proud of** and which helps demonstrate their commitment to the project and community

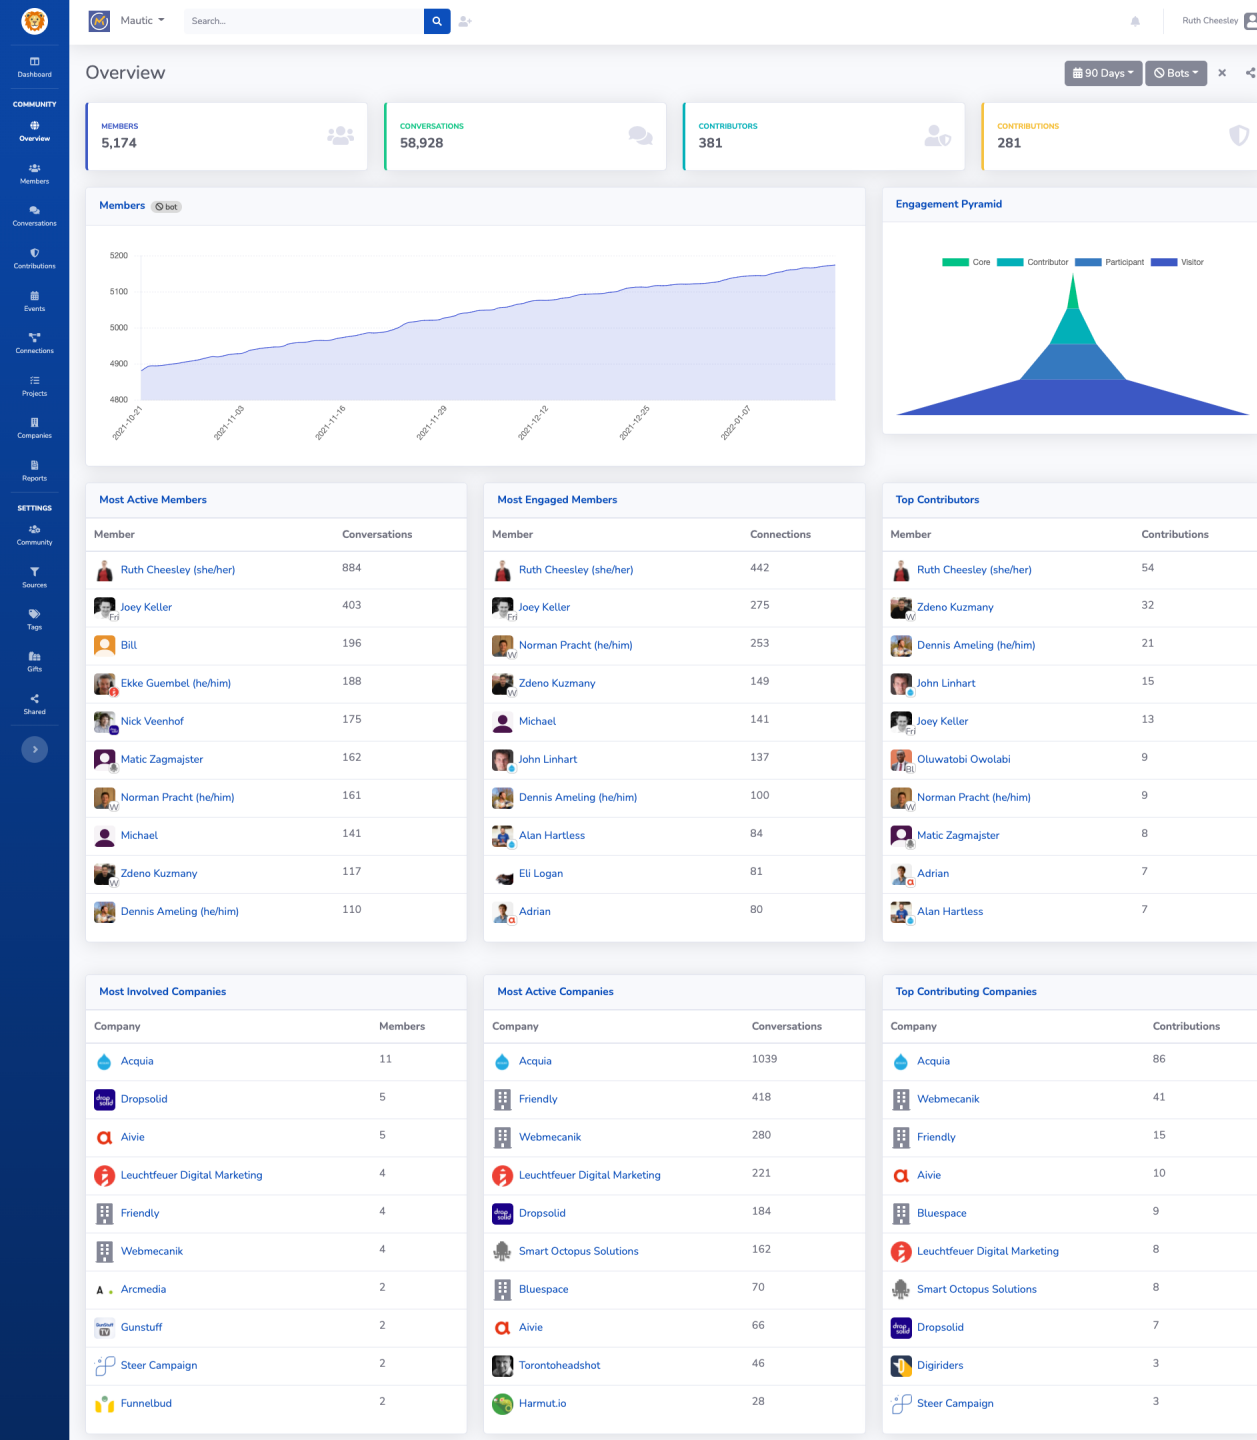

GETTING THE BASICS IN PLACE

CONTRIBUTIONS

- * What is defined as a contribution?
- * Where do contributions happen?
- * How do we track out-of-channel contributions?
- * How do we associate contributions with organisations?

OPEN SOURCE COMMUNITY CRM

SAVANNAH CRM

- ✳ Bring together all our community channels in one central dashboard
- ✳ Determine what is a contribution, and track this over time
- ✳ Identify organisations who are contributing

OTHER CONTRIBUTIONS

GIVING CREDIT WHERE IT IS DUE

MANUAL OR API ASSIGNMENT

Team Leads can manually assign credits to a contributor for anything outside of existing tracked channels (e.g. leading a sprint, speaking at a conference, proof-reading an article).

The API can be used to track other activities - for example Jira issues being closed, GitHub release being made.

GETTING THE BASICS IN PLACE

FINANCES

- * How do we accept financial contributions?
- * How much is 'enough' and over how long?
- * How do we make that amount equitable worldwide?

ACCEPTING DONATIONS

FINANCIAL TRANSPARENCY IS KEY

- * Established Open Collective, hosted by Open Source Collective, to hold and manage our funds
- * Applied for GitHub Sponsors which passes funds directly to Open Collective

HOW MUCH IS ENOUGH?

HOW TO MAKE THRESHOLDS EQUITABLE

- * Implemented the 'Big Mac Index' to determine how much would be the minimum contribution by country
- * 3 months minimum term for consistent contributions (financial and practical contributions)

<https://www.economist.com/big-mac-index>

BUILDING A PARTNERS PROGRAM

HOW DOES IT WORK?

- * How do organisations apply to join?
- * What do they get as a Community Partner?
- * How are they incentivised?

BECOMING A PARTNER

APPLY WHEN CRITERIA IS MET

MUST MEET MANDATORY REQUIREMENTS

- * At least 3 months contributing to the project (evidenced in activity in Savannah CRM)
- * At least 3 months contributing financially at the minimum level or above for the country of their head office or primary location
- * No Code of Conduct breaches against organisation or team members over the past 12 months (tracked in Savannah CRM)

COMMUNITY PARTNERS

Mautic Community Partner Application

This form is to be used if you meet the criteria as an organisation to become a Mautic Community Partner.

The criteria is:

- Financially sponsor the project on a monthly basis, for at least three months, at the rate appropriate to the geographic location of your head office
- Have members of your team who have been actively contributing to the Mautic Project for at least three months
- Be in good standing in the Mautic Community with no Code of Conduct breaches for the organization or your team members in the past 12 months

Mautic Community Partners

These are the organizations who are supporting Mautic, both financially and practically.

Acquia is the digital experience company.

Global 2000 enterprises, government agencies and NGOs rely on Acquia's open cloud platform for revenue streams, lower costs, and engage audiences more deeply through content, context.

Friendly is a small company with a big goal: to make marketing software accessible to everyone. Corporate social responsibility is not mentioned in glossy flyers, but first and foremost means for us: We respect privacy, work only with open source and do good.

Leuchtfeuer Digital Marketing ist langjährige Mautic-Agentur und aktiver Partner. Wir unterstützen Unternehmen und Agenturen beim leichten Einstieg in Mautic und bei der nächsten Stufe mit Angeboten zu Support, Training, Technik und Strategie, maßgeschneidert nach Ihren Bedürfnissen.

Webmecanik offers the first SaaS solution for Marketing Automation based on Mautic. Based in France, more than 400 companies and 70 agencies automate their marketing with Webmecanik Automation for a customers and leads relationship on the web as effective as an exhibition.

Organisations rely on Dropsolid to create effortless digital user experiences. We leverage our expertise to help you with all your digital strategy and marketing challenges. You focus on your business, we focus on your digital step.

HOW HAS IT WORKED?

WE HAVE:

- * Seen **significant uptake in sponsorships** from organisations
- * Enrolled **six partners** with one in review
- * Seen **sustained contributions** from partners
- * **Gained new contributors** from new partners
- * Enabled community members to **build partnerships with 'makers'** in the community, driving mutually beneficial growth of the ecosystem

LOVE TO
LEARN

WHAT DID WE LEARN?

TRANSPARENCY MATTERS

- * Have clear policies and workflows to cover the whole process
- * Be clear on expectations with promotion of partners
- * Set clear content guidelines for their listing pages

WHAT WOULD/WILL WE CHANGE

SOME THOUGHTS:

- * Automate / embed as much as possible on the portal (currently fully manual process)
- * Improve search/filter capabilities to include location, language, services offered
- * Automated follow up if partners are declining in their activity
- * Considering possibility of having a tiered program
- * Sponsored content
