At the heart of DevOps is
a community.

Communities of Practice

A group of people who all have some depth of expertise on a topic, have a strong passion for the topic, and gather to share that passion and expertise with one another

Three Pillars

Community

Domain

Practice

A group of people who all have some depth of expertise on a topic, have a strong passion for the topic, and gather to share that passion and expertise with one another

A group of people who all have some depth of expertise on a topic, have a strong passion for the topic, and gather to share that passion and expertise with one another

A group of people who all have some depth of expertise on a topic, have a strong passion for the topic, and gather to share that passion and expertise with one another

Common Threads

—

CALMS is a measure of a
community of practice.

Getting to DevOps

Drive DevOps from the bottom up

Define bounds

Convince others

Connect people

Make space

Unify points of view

Remember

At the heart of DevOps is a
community driven by you.
