**asynchronous communication**  
is when you send a message without  
expecting an immediate response

## **synchronous communication**

is when you send a message and the recipient processes the information and responds immediately

# Vision, Mission and Values

## **Ambition**

You aspire to put a dent in the universe. You set high standards for yourself and those around you. You solve issues that have a high impact on our customers and our company.

## **Mastery**

You care deeply about the quality of your work. You're continuously learning and pushing yourself to the limits of your ability. As a champion of your craft, you are also a champion of your well-being – you work intensely, then disconnect completely.

## **Independence**

Others can trust that you'll deliver on time. You keep your word and trust your teammates to do the same. You are proactive, take ownership, and remain accountable with little or no direction.

## **Communication**

Your communication is clear, concise, and engaging. You keep others in the loop and never go radio silent. You speak respectfully and foster warm relationships through your interactions. You're culturally and socially aware and can appropriately navigate social situations.

**Build the future of work**

*“But how will we know that everyone is actually working  
if we can’t see them?”*

“Another concept [...] is a **trust battery**. It’s charged at 50 percent when people are first hired. And then every time you work with someone ... the trust battery between the two of you is either charged or discharged...”

## October 2021 Casual Hangouts

**Anton Ball** 10/28/2021  
👻 Boo! 🧛

Team ABA (Anais, Becky and Anton) went Halloween themed for our October chat. We talked about being thirty and decided it shouldn't be called dirty 30s but hurty 30s because all your joints stop working properly. Crossfit, martial arts and exercise. Travel. Covid. Should you teach a three year old how to swear and lots of other random topics. Was fun. Till next time 🍷👻

# Individual

- Over-communicate
- Plan ahead to give people time to consider your message
- Say no to unnecessary meetings
- Before meetings, start a thread or document
- After meetings, document discussions and outcomes
- Turn off notifications – try removing work apps from your phone altogether
- Use waiting time productively
- Always check your document sharing settings

# Team lead

- Promote writing and communication as core skills
- Evaluate people based on their output and results
- Abolish required work hours or the requirements to come into an office
- Emphasise trust, independence, and accountability
- Set reasonable, team-wide expectations for acceptable response times
- Make transparency and documentation a priority
- Use tools that promote transparency, deep work, and async communication
- For communication-heavy roles, implement a rotating coverage system
- Hero and housekeeping time
- Have communication channels for emergencies
