Devops is dead

Servers are dying

And I don't feel so great myself.

How to download DevOps using IBM Login

Jul 19, 2013 | Tags: devops, download

We tried to download with our IBM user access.. but it looks like it needs different login for Urban code as it is redirecting to the following site:

https://support.urbancode.com/tasks/login/LoginTasks/login

Can some one help on this. How can download DevOps with IBM Login?

In a report published Tuesday, researchers at security firm RedLock said hackers accessed one of Tesla's Amazon cloud accounts and used it to run currency-mining software. The researchers said the breach in many ways resembled compromises suffered by Gemalto, the world's biggest SIM card maker, and multinational insurance company Aviva. In October, RedLock said Amazon and Microsoft[...]ng malware after hac[...]

Some

What idiot called it serverless and not "The Emperor's New Servers"

Stickers coming soon to the TireFire cafepress store. All profits go to the "Drunk Domain Purchasing" fund.

Special thanks to @sdmouton for spending his hard earned devop bucks on dumb jokes.

Work, Work, Work

On about this date in 1801, Britain's first census was begun. In a subsequent survey conducted in 1881, residents were asked to furnish their "rank, profession, or occupation." Some of the more puzzling responses, as preserved by the London Genealogical Society, included:

- Colourist of artificial fish
- Knight of the Thimble
- Disinfector of railways
- Examiner of underclothing
- Invisible net maker
- Electric bath attendant
- Proprietor of midgets
- Fifty-two years an imbecile
- Knocker-up of workpeople
- Maker of sand views
- Gymnast to house painter
- Turnip shepherd
- Emasculator
- Sampler of drugs
- Fatuous pauper
- Drowner
- Count as female
- Fish-bender
- Goldfish-catcher
- Cow-banger
- Running about
- Grape-dryer
- Beef twister
- Random waller
