# Handig... maar...

Veel tijd kwijt met

- via Joomla.org meest recente versie downloaden
- installeren op hostingomgeving
- handige extensies downloaden en installeren
- of template downloaden en installeren
- standaard instellingen wijzigen
- accounts aanmaken

# Dus... een basis website

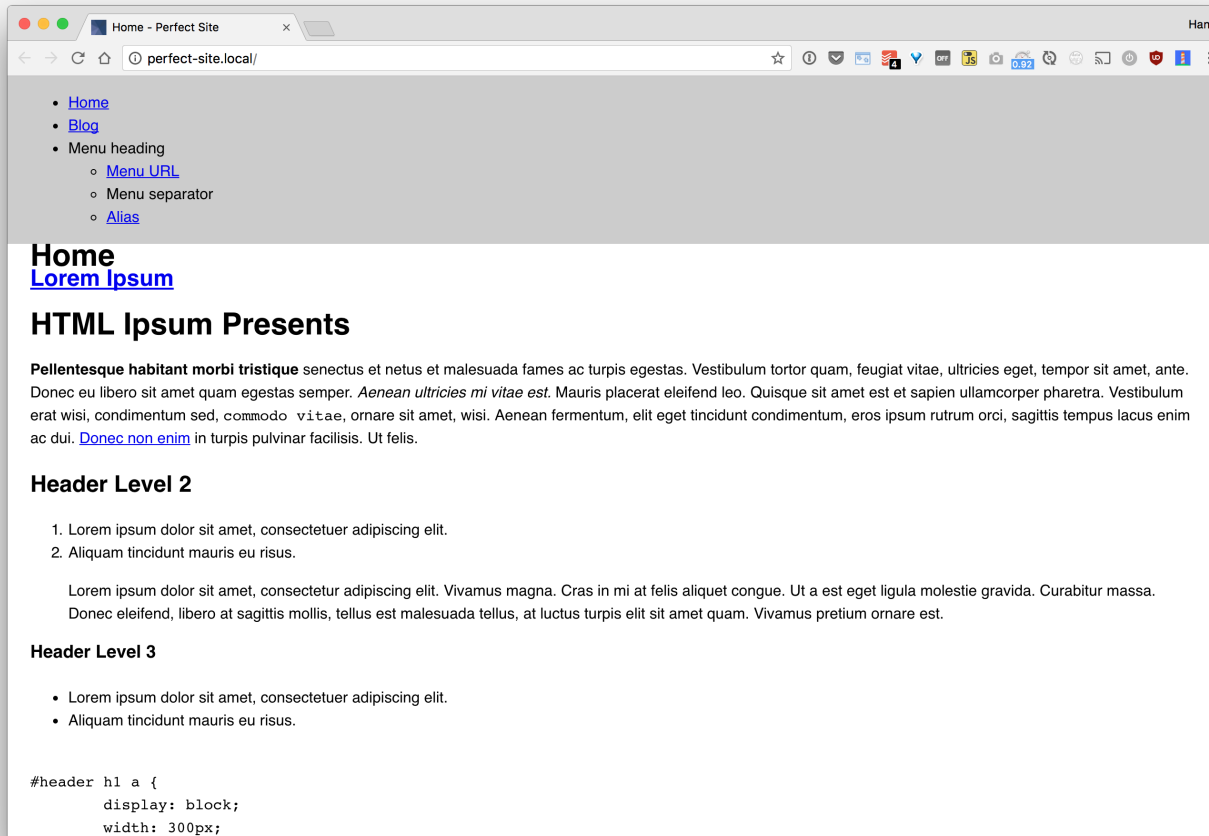

- Investeer eenmalig tijd in een goede basis
- Gebruik als kickstart voor ieder template-project
- Beheer basis via bijvoorbeeld een github-repo
- Maak bibliotheek van overrides, JavaScript, SCSS

# De PWT basis website

# Het resultaat met com\_content

The screenshot displays a grid of logos for various companies, including GDF SUEZ, group 2000, hertel, Honeywell, HTM, hulshof, HVC, inovum, INVE, de jutters, Kappa, koopmans meel, KS profiel, La PLACE, Locamation, MARETTI, MOBY, MISS, and MOBA. A tooltip over the HVC logo shows its dimensions as 163.19 x 115. Below the logos, a browser's developer console is open, showing the HTML structure of the page. The selected element is a figure containing an image with the following HTML code:

```

```

The developer console also displays the CSS styles for the selected element, including media queries for different screen widths:

```
@media only screen and (min-width: 760px)
.section_client-items .section_image {
  width: calc(20% - 2.4rem);
  float: left;
  margin-left: 2rem;
}

@media only screen and (min-width: 600px)
.section_client-items .section_image {
  width: calc(25% - 2.5rem);
  float: left;
  margin-left: 2rem;
}

@media only screen and (min-width: 440px)

#### Achtergrond en ervaring

Evaren bouwer als algemeen directeur/CEO in familiebedrijf, zelfstandig ondernemer en statutair directeur, ook van beursgenoteerde en internationale ondernemingen. Zowel business-to-business (B2B) als business-to-consumer (B2C) en e-commerce. Commissaris en raadsman bij organisaties in uiteenlopende sectoren. Bestuurder van not-for-profitorganisaties.

#### Leiderschapsvisie en managementstijl

Sterk in het op gang brengen en bovenal realiseren van noodzakelijke veranderingen. Weet de situatie snel te doorgronden en zich eigen te maken en de benodigde kennis en ervaring te mobiliseren. Creëert verbinding met stakeholders en geeft de verschillende partijen weer perspectief. Helpt medewerkers en andere belanghebbenden bij het maken van keuzes die op draagvlak kunnen rekenen en houdt hen daaraan. Resultaatgerichte inspirator en teambuilder.

#### Specialisaties en trackrecord

In totaal ruim dertig jaar ervaring in het aanpassen van organisaties aan veranderende marktomstandigheden in complexe situaties. In sectoren als retail, media, voeding en financiële dienstverlening verantwoordelijk geweest voor commerciële heroriëntatie, turnaround, herfinanciering, strategie, allianties en cultuuromslag, ook bij fusies en overnames. Gewend te opereren in de driehoek van onderneming, aandeelhouder en bank.

‘Elk bedrijf heeft een ziel. Zo’n bedrijf mag je niet zomaar te gronde laten gaan. Je moet er alles aan doen om de mooie en gave kern te redden. Dat heeft overigens alleen zin als je als interim-bestuurder voldoende manoeuvreerruimte krijgt van de meeste stakeholders. Gelukkig is dat meestal het geval.’
