I’m a new CTO!

DELL Technologies

Let’s buy DevOps!

You can’t buy culture

(It’s not stuff.)

DevOps team!

SRE team!

Platform Engineering!

BUZZWORDS!!

Silos block communication

Security? QA? Not now.

Everyone from the beginning

Shiny dashboards!

over

With measurement comes ~~focus~~ obsession

DELL Technologies

… another tool!

Fix your process first

A new tool won't solve your problems.

AUTOMATE ALL THE THINGS!!!

DevOps isn’t just automation

We don’t need no stinkin’ titles.

Specialization helps

Why did you fail?

Build in and build up psychological safety

Failure is part of innovation.

The road to DevOps hell...

DELL Technologies
