Release Candidate 14
was released yesterday

Support for Core's new navigation

The screenshot displays the Drupal administration interface for the 'Content' section. The top navigation bar includes 'Back to site', 'Administration', 'Shortcuts', 'Go to', 'Devel', and 'Announcements'. The main heading is 'Content' with a star icon and a '+ Add content' button. Below the heading are tabs for 'Content', 'Without Bulk', 'Blocks', 'Files', 'Patterns (Gutenberg)', and 'Media'. A filter bar allows searching by Title, Content type (set to '- Any -'), Published status (set to '- Any -'), and Language (set to '- Any -'), with a 'Filter' button.

The content list table has the following columns: Title, Content type, Author, Status, Updated, and Operations. The 'Updated' column is currently sorted in ascending order, indicated by an upward arrow. The list contains ten items, each with a checkbox, a title (some with 'New' or 'Updated' badges), content type, author, status, and update timestamp.

Support for Core's new navigation

The screenshot displays the Drupal administration interface for content management. On the left is a sidebar with navigation options: Create, Blocks, Content (selected), Files, Media, Tools, Webforms, Structure, Appearance, Extend, Configuration, People, and Reports. The main content area shows the 'Content' management page with a breadcrumb 'Administration' and a '+ Add content' button. Below the breadcrumb are tabs for 'Content', 'Without Bulk', 'Blocks', 'Files', 'Patterns (Gutenberg)', and 'Media'. A filter bar includes a search input, dropdowns for 'Content type' (set to '- Any -'), 'Published status' (set to '- Any -'), and 'Language' (set to '- Any -'), along with a 'Filter' button. The main table lists content items with columns for Title, Content type, Author, Status, Updated, and Operations. The 'Updated' column is sorted in ascending order.

Resizable sidebar

The screenshot shows a web editor interface for editing an article titled "Matterhorn". The interface is divided into several sections:

- Header:** Includes navigation links like "Back to site" and "Edit Article", and utility icons for "Shortcuts", "Go to", "Devel", and "Announcements".
- Article Title:** "Matterhorn" with a star icon and a "Published" toggle.
- Actions:** "Save" and "Preview" buttons.
- Navigation:** "View", "Edit", "Revisions", "Devel", and "Translate" tabs.
- Editor Tabs:** "Details **", "Layout **", and "Paragraphs **".
- Title Field:** A text input containing "Matterhorn".
- Body (Edit summary):** A rich text editor with a toolbar (undo, redo, bold, italic, paragraph, link, list, quote, image, source) and a text area containing the paragraph: "The Matterhorn is a mountain of the Alps, straddling the main watershed and border between Italy and Switzerland. It is a large, near-symmetric pyramidal peak in the extended Monte Rosa area of the Pennine Alps, whose summit is 4,478 metres high, making it one of the highest summits in the Alps and Europe."
- Text Format:** A dropdown menu set to "Basic HTML" with a link to "About text formats".
- Right Sidebar (Meta-Information):**
 - Published:** Last saved: 08/30/2024 - 19:24, Author: admin.
 - Create new revision:** A toggle switch.
 - Revision log message:** A text area with the placeholder "Briefly describe the changes you have made."
 - Menu settings:** "Not in menu".
 - URL alias:** "No alias".
 - Authoring information:** "By admin (1) on 2021-03-10".
 - Promotion options:** "Promoted to front page".

A nice login screen

This module provides a nice login screen based on either Claro or **Gin**.

- User Login
- User Register
- User Forgot Password

Headless ready

If you're using Drupal as a headless content system, then you can set up the Front page of Drupal that it always shows you the Login screen (if not logged in) or the Content Overview if you're logged in. Just set in `/admin/config/system/site-information` the **default front page** to `/user/login?destination=/admin/content`

Sticky form actions across the Admin UI

The image displays two overlapping screenshots of the Drupal Admin UI. The top screenshot shows the 'Edit Article' page for 'Matterhorn'. At the top right, a navigation bar contains a 'Published' toggle switch, a 'Save' button, a 'Preview' button, and a menu icon. These elements are highlighted with an orange rectangular box. Below this, there are tabs for 'View', 'Edit', 'Revisions', 'Devel', and 'Translate'. The main content area shows the 'Details' tab with a 'Title' field containing 'Matterhorn' and a 'Body' field with the text 'The Matterhorn symmetric pyramid is the highest summit in the Alps'. On the right side, there is a 'Published' status section with 'Last saved: 08/30/2024 - 19:24', 'Author: admin', and a 'Create new revision' toggle.

The bottom screenshot shows the 'Edit Article content type' page. At the top right, a 'Save' button and a menu icon are highlighted with an orange rectangular box. Below this, there are tabs for 'Edit', 'Manage fields', 'Manage form display', 'Manage display', 'Manage permissions', and 'Devel'. The main content area is divided into several sections: 'Name' (with a text field containing 'Article' and 'Machine name: article'), 'Description' (with a text area containing 'Use articles for time-sensitive content like news, press releases or blog posts.'), 'Submission form settings' (with a 'Title' field), 'Publishing options' (with 'Published, Promoted to front page, Create new revision'), and 'Language settings' (with 'Site's default language (English), Enable'). The 'Preview before submitting' section has radio buttons for 'Disabled', 'Optional' (which is selected), and 'Required'.
