Change limit

① Limit   ② Summary   ③ Done

Is this right?

Please make sure we've got everything right. After decreasing your credit limit, you may not be able to increase it to the previous amount.

Current limit
Your current limit is $XXXX

New limit
Your new limit is **$XXXX**

Go Back   Yes, update my limit

Repeating payments list

① Choose accounts   ② Summary   ③ Done

Get a list of your repeating payments

Choose the accounts you'd like to be included and we'll post you a copy in 5-10 business days.
Note: repeating BPAY payments won't show in the list.

Choose up to 50 accounts

☐ REWARDS TRANSACTION ACCOUNT	306-188 0129707
☐ JOINT STAFF COMPLETE ACCOUNT	306-188 0163892
☐ HERO SAVER	306-188 0129715
☐ MASTERCARD WORLD	5524 1177 5114 7826

How can you use Angular Material?

```
ng new my-app
ng add @angular/material
```

Demo

@meliss_houghton

Pros

- ✔ Made by Angular for Angular
- ✔ Well Maintained
- ✔ Well Documented
- ✔ Material is Cross Platform
- ✔ Built-in and Custom Themes
- ✔ Open Source

Cons

- ✘ No Built in Flex Layout
- ✘ Hard to Fully Customise
- ✘ Couples your app
