Elgentos brengt ons Doutz

www.byte.nl/blog/elgentos-brengt-ons-doutzen-kroes/

Elgentos brengt ons Doutzen Kroes!

Zelfs een taart staat haar mooi ...

Doutzen Kroes staat in onze koelkast! Of nou ja ... een taart met haar foto erop dan. Vooral voor de mannen onder ons een zeer aangename verrassing zo net na de lunch :-)

We hebben deze Doutzen-Kroes-slagroomtaart te danken aan onze partner Elgentos. Zij wilden graag iets gedaan krijgen van Byter Gertjan, en hadden viavia gehoord dat Gertjan om te kopen is met 2 dingen: met koffie en met Doutzen Kroes. Omdat het eerste zo makkelijk was kozen ze voor het laatste. Zijn reactie spreken voor zich: dat omkopen is wel gelukt!

Doutzen ligt nu nog te shinen in onze koelkast, maar zal zeer waarschijnlijk na 4-uurtje van vandaag niet overblijven. We wachten dat het vechten wordt om het stukje krijgt ...

Namens Gertjan en alle andere mannelijke Byters: Elgentos!

'Geen nieuwe wetgeving om privacy te waarborgen'

Gepubliceerd: 18 maart 2014 15:41
Laatst gewijzigd: 18 maart 2014 15:41

Er hoeft wat minister Jeroen Dijsselbloem (Financiën) geen extra wet- en regelgeving te komen om privacy van gebruikers van experimenten zoals ING die wilde houden, te voorkomen.

Dat zei Dijsselbloem dinsdag in een gesprek met de Tweede Kamer.

"Er is op dat gebied al veel wetgeving, maar ik heb de vraag aan het College bescherming persoonsgegevens voorgelegd", aldus Dijsselbloem.

De bewindsman noemt de huidige regelgeving "vrij streng".

App Engine IP Range Change Notice

Tuesday, March 18, 2014 at 2:35 AM

Google uses a wide range of IP addresses for its different services, and the addresses may change without notification. [Google App Engine](#) is a Platform as a Service offering which hosts a wide variety of 3rd party applications. This post announces changes in the IP address range and headers used by the Google App Engine URLFetch (outbound HTTP) and outbound sockets APIs.

While we recommend that App Engine IP ranges not be used to filter inbound requests, we are aware that some services have created filters solely on specific addresses. Google App Engine will be changing its IP range beginning next month. Please see [these instructions](#) to determine App Engine's IP range.

Additionally, the HTTP [User-Agent header](#) that historically allowed identification of individual App Engine applications will no longer be relied on to identify the application. With the introduction of outbound [sockets on App Engine](#), applications may now make HTTP requests without using the URLFetch API. These requests may set a User-Agent of their own choosing.

Share 43

AddThis vs. ShareThis has been a popular discussion for the last couple of years when it deciding what plug-in to go with in regards to the ease of sharing content. Many business owners, web developers, SEO-experts, and content marketers have discussed and argued over which program triumphs over the other, and as of summer of 2012, it had been decided: AddThis is the superior content sharing tool. To date, AddThis is still considered the better plug-in, as evidenced through Google Trends Analytics:

Add to Joomla!

- The **plugin** allows you to display AddThis in the body of the page where the article is shown.
- The **module** places AddThis in the page template, usually in the sidebar.

We recommend installing and using only one. Both are fully customizable.

Install Addthis Joomla! Plugin

For Joomla 1.x, 2.x and 3.x

To install the plugin:

1. Download the plugin
2. From your Joomla! Administration screen, select Extensions > Install/Uninstall

Plugin Description General Settings

Help your visitors promote your site! The AddThis Joomla Plugin allows any visitor to bookmark your pages easily with many popular services. Sign up for an AddThis.com account to see how your visitors are sharing your content--which services they're using for sharing, which content is shared the most, and more. It's all free--even the pretty charts and graphs. This module works with Joomla 3.0 and higher.

To remove the button from an article, add a the custom tag `{addthis off}` in the article content.

This is a sample blog posting.

If you log in to the site (the Author Login link is on the very bottom of this page) you will be able to edit it and all of the other existing articles. You will also be able to create a new article and make other changes to the site.

As you add and modify articles you will see how your site changes and also how you can customise it in various ways.

Go ahead, you can't break it.

About your home page

Details
Written by Joomla

[f](#) [t](#) [g+](#) [p](#) [e](#)

Your home page is set to display the four most recent articles from the blog category in a column. Then there are links to the 4 nest oldest articles. You can change those numbers by editing the content options settings in the blog tab in your site administrator. There is a link to your site administrator in the top menu.

If you want to have your blog post broken into two parts, an introduction and then a full length separate page, use the Read More button to insert a break.

Zaterdagavondconcert met twee goede orkesten

Geschreven door [Jan van Bommel](#) op 18 maart 2014.

Komende zaterdagavond 20u geven Harmonie Lieshout en Fanfare Stiphout samen een concert. In het fraaie nieuwe dorpshuis in Lieshout.

Het fanfareorkest speelt het indrukwekkende [Movement for Rosa](#), het verhaal van anti-apartheidsactivist Rosa Parks.

A movement for Rosa

Geschreven door [Jan van Bommel](#) op 17 januari 2014.

Het fanfareorkest repeteert nu voor een mooi uitwisselingsconcert met Harmonie St Caecilia Lieshout. Een van de nummers ontdekten we op het WMC, daar uitgevoerd door Psalm 150 uit Dinxperlo. Het nummer 'A Movement for Rosa' van componist Mark Camphouse vertelt het verhaal van anti-apartheidsactivist Rosa Parks.

"Alles is Mari" wordt verlengd

© 18-02-2014 20:37:31

"De carnavals komedie van het jaar!"

Na "Alles is Liefde" en "Alles is familie", met hierin een ode aan de liefde en familiebanden, wordt de trilogie dan eindelijk gecompleteerd met de oer-Oeteldonkse film "Alles is Mari". De première vond plaats op 14 februari, maar gelukkig is er nog volop de gelegenheid om deze film te zien.

[LEES VERDER →](#)

Worstenbrôôdwee 2014 en onthulling Stêên of Fêêm

© 16-02-2014 14:12:53

Voor het 9e opeenvolgende jaar presenteren de kroegbazen van de cafés LaLaLaa en Plaats Royaal, Marcel van Zwam en Robbie de Vaan, vol trots de Worstenbrôôdwee. Deze vindt plaats op 27 februari 2014 in de Ridderstraat in Oeteldonk op de donderdagmiddag voor de carnaval. Dit typisch Bossche feestje wordt natuurlijk opgeluisterd door diverse echte Bossche artiesten.

Lawrence Howlett

Lawrence Howlett has a real passion for user experience and digital marketing. He owns and runs [Newedge](#) — a full service digital agency that he started up from a back bedroom and now operates sites for high street brands and household names. When he is not messing around in a browser somewhere, you can find Lawrence with his [race team](#) at a race track in the UK (he used to race with Lewis Hamilton), mountain biking or playing table tennis, while spending time with his beautiful wife and family in Northamptonshire, UK.
